Vehicle Checks

- We will have our official vehicle - MW1 (Mobile Workshop 1) with Geoff Kilford and Richard Lloyd who will assist with any issues you may have day to day.
- As with all Muscle Car Runs, scrutineering will be on a day-by-day basis.
- Whilst Covid is still an issue, this will take the form of self-scrutineering. MW1 will be able to assist if required.
- As with all Muscle Car runs, scrutineering will take place prior to each motorsport activity as normal.

At no time are you permitted to leave the route without advising an Official.

Please note Officials will be placed in amongst entrant's vehicles every day for ease of communication.
