# Positively impacting the lives of children in need in South Australia

## Meet Poppy

Eight-year-old Poppy faces daily challenges due to Auditory Processing Disorder, a condition that prevents her brain from correctly processing sound. At home and school, simple tasks became overwhelming, affecting her ability to communicate and learn. Variety granted a hearing aid and a charging set, which has made a significant difference in her life. Poppy can now get ready in the morning with ease, her emotional regulation has improved considerably and she is a much happier child. The difference in her quality of life is immeasurable!

Now, Fabricio has set his sights on two big goals: winning a State Championship title and qualifying for the 2025 Australian Age Championships.

## Welcome

It is with great pleasure that we present the Variety South Australia impact report for 2024. It has been another outstanding year for the Variety South Australia community, where we delivered 332 grants with 43,009 children being positively impacted through your efforts.

Tough economic conditions continue to put pressure on the daily lives of South Australian families, particularly for those with children who are sick, disadvantaged or living with a disability. That's where we, the Variety community, are there to meet otherwise unmet needs.

Our Kids Support Committee and our Kids Support Coordinator worked with great passion and dedication to distribute \$5.2 million of funds raised this year, evenly spread across supporting individuals and organisational programs.

Our "Variety Community" is comprised of you, our volunteers, entrants, supporters, sponsors, donors and staff, who all work together to create positive changes to the lives of South Australia's most vulnerable children. The work that you do, the effort that you elicit, the contributions that you make, really do make a difference and this impact report demonstrates how.

On behalf of the Board of Variety South Australia, we say congratulations and a heartfelt thank you to you all.

The first pillar of our Strategic Plan is Purposeful Impact. Operationally, it is our North Star whereby our measured outcomes relate to the number of children we support annually and the difference this support makes in their lives.

The diversity of our grant making reflects the breadth of need and the increase in grants approved reflects the depth of the challenges being faced by families who have a sick child, a child living with a disability or they are experiencing disadvantage.

Variety SA is unique within our organisation nationally, whereby we support a myriad of other children's charities and community groups to expand their reach and provide more services. The evidence of this impact is clear from the data provided and addresses broad issues of food security to mental health to raising literacy standards to domestic violence support.

This impact has exceeded two hundred thousand children in need in the past three years alone.

I congratulate and sincerely thank our Board, staff, sponsors, entrants, volunteers, donors and stakeholders for your generous and passionate commitment to the cause. Together, we are blessed to be part of such a formidable organisation that really does change the lives of children in need in our state every single day.

## We Support

## Programs

This year, the Adelaide Football Club and Port Adelaide Football Club once again partnered with Variety to make a significant and lasting impact on the lives of children in need across South Australia. Through a three-year commitment of \$200,000 annually, Variety's support has been instrumental in delivering highly respected and effective community programs to thousands of children.

### Power Community Youth Program

The Power Community Youth Program was founded by four-time Magarey Medalist and club legend Russell Ebert. This pioneering program was the first educational initiative of its kind to be administered by an AFL club. Port Adelaide Football Club's AFL and AFLW players, along with staff, work directly with children to promote healthy lifestyle choices, foster inclusive and respectful relationships and encourage personal growth.

The program also focuses on developing young people's skills in problem-solving, helping them build a stronger understanding of the importance of inclusion and community engagement.

### Adelaide Crows Foundation

The Adelaide Crows Foundation, in partnership with The Sebastian Foundation and supported by Variety, is empowering South Australian students through the transformative Open Parachute Wellbeing Program.

This initiative is designed to improve the mental health and resilience of children and young people, equipping them with the tools they need to navigate life's challenges. The program addresses critical issues such as bullying, anxiety, depression, eating disorders and the pressures of social media.

Through AFL players sharing relatable stories and their shared experiences, students gain practical coping strategies, fostering a culture of empathy, self-awareness and support within their school communities. This collaboration ensures that thousands of young South Australians have access to vital mental health education, helping them build stronger foundations for their future wellbeing.

### Meet Leilani

At just 15 years old, Leilani has always been a girl with big dreams. Living with Down Syndrome hasn't dimmed her passion for dance and acting—in fact, it's fuelled her determination to one day grace the big screen as a movie star. But as her talent and passion grew, so did the challenges.

Dance requires more than just talent; it takes commitment, resources and support. For Leilani and her family, the costs of ongoing travel to competitions and specialised dance equipment became significant hurdles. These barriers threatened to hold her back from pursuing the art she loves and the goals she works so hard to achieve. That's where Variety – the Children's Charity stepped in. Since 2023, Leilani has been a proud recipient of a Variety Scholarship, a grant that helps cover the essential costs of her dance journey.

With this support, Leilani has been able to focus entirely on her passion and dreams. Recently, she competed at the Evolution Dance Nationals in Queensland, showcasing her incredible talent on a national stage. And her hard work paid off—Leilani took home gold in both dances, cementing her place as a rising star.
